WM. E. PELL, PROPRIETOR

THE ARMY OF OFFICE-HOLDERS.

Do the taxpayers ever think of the useless army of office-holders that a Radical Congress has quartered upon them? A large proportion of the taxes paid never reach the Treasury; the money is taken to pay the men who are thus pensioned upon the country.

There are 240 revenue collection districts in the United States, with a collector and an assessor for each, making 480 of these principal officers altogether. There have been as high as 2,809 deputy collectors at one time, and 3,600 assistant assessors.—Before the passage of the law of last July there were some ten regular revenue agents, but to these there should properly be added an equal number of *special agents* of the Treasury, who were exclusively employed on internal revenue matters by regular assignment to that duty. These are followed by inspectors of distilled spirits, coal oil, snuff, tobacco, cigars, &c., numbering in all in the neighborhood of 800 persons. We have here in round figures nearly 8,000 officials of direct appointment. To these we must add all those of indirect appointment, whose duties grow out of the public business in this channel, and who are paid with money taken out of the general Treasury. Those comprise the clerical force of the assessors and collectors, the guagers, watchmen, and other persons, numbering, at a fair estimate, 8,000 more, making a grand aggregate of 16,000. This makes up the dimensions of the inland revenue service—an army in itself.

SIXTEEN THOUSAND MEN are employed by the machinery of a Radical Congress to collect the revenue taxes alone!—What is the necessity for this great army of salaried men? Could not these taxes be collected by the same officers chosen by the people to collect State and local taxes?—No, says the Radical Congress; for they would not be under our dictation and control. They want these Sixteen Thousand office-holders to use as tools—to pay contributions to aid in perpetuating the power of the usurpers! It is not enough that they eat out the substance of the people; they must be used to aid Congress in crushing out the liberties of the people!—*Albany Argus.*

[From Packard's Monthly.]

Slurs on Women.

At a recent meeting in this city, at which no ladies were present, a man, in responding to the toast on "women," dwelt almost solely on the frailty of the sex, claiming that the best among them were little better than the worst, the chief difference being in the surroundings.

At the conclusion of the speech a gentleman present rose to his feet, and said:

"I trust the gentleman, in the application of his remark, refers to his own mother and sisters, and not to ours."

The effect of this most just and timely rebuke was overwhelming; the maligner of women was covered with confusion and shame.

This incident serves an excellent purpose in prefacing a few words which we have for a long time had in our mind to say.

Of all the evils prevalent among young men, we know of none more blighting in its moral effects than the tendency to speak slightingly of the virtue of women. Nor is there anything in which young men are so thoroughly mistaken as the low estimate they form of the integrity of women—not of their own mothers and sisters, thank God, but of others, who, they forget, are somebody else's mothers and sisters.

As a rule, no person who surrenders to this debasing habit is safe to be trusted with any enterprise requiring integrity of character.

Plain words should be spoken on this point, for the evil is a general one, and deep rooted. If young men are sometimes thrown into the society of thoughtless or lewd women, they have no more right to measure all other women by what they see of these than they would have to estimate the character of honest and respectable citizens by the development of crime in our police courts.

Let young men remember that their chief happiness in life depends upon their after faith in women. No worldly wisdom, no misanthropic philosophy, no generalization can cover or weaken this fundamental truth. It stands like the record of God himself—for it is nothing less than this—and should put an everlasting seal upon lips that are wont to speak slightly of women.

STIR UP your friends to REGISTER AND VOTE. Don't neglect this. Remember we MUST carry North Carolina for Seymour and Blair, on the 3rd. of November.

At a local election "out West" crinoline had a great deal to do with the business. The contest turned wholly upon personal popularity, and the successful candidate brought his wife to help him. "His wife," says the country paper, "would have made the fortune of any candidate. A fine, dazzling woman, she rode about with him in a carriage upon the canvassing tours, and when, one day, he stopped at a public house to see a committee, while she sat without in a barouche, waiting his return, the 'fine coats' gathered round the vehicle, and, giving three cheers for her honor, called on her for a speech. Prompt as lightning, she responded, 'I will sing you a song,' which an Irishman, with music in his soul, would any day prefer to a speech. And she sang, in a clear, sweet voice, some of Moore's melodies. The 'frieze coats' listened entranced. From that moment, until the election took place, the beautiful politician could never appear in public without being implored for a song."

NEGRO SIMILE.—An old negro named Pete was much troubled about his sins.—Perceiving him one day with a very downcast look, his master asked him the cause. "Oh, massa, I'm such a great sinner!" "But Pete," said his master, "you are foolish to take it so much to heart. You never saw me troubled about my sins." "I know de reason, massa," said Pete; "when you go out duck shooting and kill one duck and wound another, don't you run after the wounded duck?" "Yes, Pete," and the master wondered what was coming next. "Well, massa, dis de way wid you and me; de debil has got you sure, but as he am not sure of me, he chases dis chile all de time."

HAVE YOU REGISTERED? If not, take one or two with you, and attend to it now—to-day!

NORTH CAROLINA

THE VOTE IN THE APRIL ELECTION.

We publish below, for the sake of reference, the official tabular statement of the vote in the April election in this State.—The 29,774, who did not vote, were men who were registered, and entitled to vote, at the time of the election. In addition to this, it may be safely estimated that 15,000 men in the State are now enfranchised, who could not vote before.

FOR CONGRESS,

HON. SION H. ROGERS, OF WAKE.

STRIKE FOR NORTH CAROLINA!

We have repeatedly expressed our honest conviction that the prospect of our success on the National battle-field is excellent, and that it is growing in hopefulness, every day. Our friends at the North are everywhere exhibiting that unconquerable will, that heroic determination, which forces victory to its banners. The tone of the Democratic Press, in that quarter, is more confident, and even jubilant, than at any former stage of the canvass. We believe that Indiana is safe for Seymour and Blair,—that Pennsylvania is equally so,—while New York will roll up for Horatio Seymour a majority equal to that obtained by the Radicals in all the States combined, in which elections have recently been held.

But what if it were otherwise? Does that render less imperious the duty which we owe to North Carolina,—the grand old land of our nativity and affections? The man who needs any invocation to duty for North Carolina, to save her from the consequences of the degrading and ruinous mongrel rule with which she is cursed, is unworthy of this goodly heritage, false to all the traditions of the past, and recreant to the memory of his departed Kindred who sleep within her maternal bosom!

Friends! As you feel an honest pride in the North Carolina of other days, when she was renowned for her Judiciary, her magistracy, the virtue and integrity of her officials of every grade, and her reputation for honesty and sobriety, put the stamp of your indignant reprobation upon the carpet-bag, scalawag, negro-loafing government which has been forced upon you, at the Union and North Carolina! Give them up, friends, to the great work, or you may lament it, in sack cloth and ashes, forever!

"LET US HAVE PEACE."

We pledge our earnest and constant efforts to aid all the officers of the Law in preserving the quiet and order of society, at all times, and we are especially anxious that they shall be preserved in this city and throughout the State, on the day of the Presidential election. But we protest against officers of the law transcending the law, and exercising powers which do not belong to them.

We observe that "Sheriff" Lee has issued two proclamations to the people of the county,—one forbidding the sale of liquors and ordering the closing of the doors of those who sell, from the hour of 7 o'clock, P. M., on Monday, Nov. 2nd., to the hour of 7 o'clock, A. M., Nov. 5th, under heavy penalties. We do not object to this, as advice to the people, from a peace officer, but, as an order or proclamation, it is manifestly the power of the Sheriff. The Governor, alone, we believe, has the right, by law, to issue such a proclamation.

Equally proper, as a matter of advice, if the Sheriff in good faith desired to preserve the peace, would be a notice to the people not to carry fire arms on the election grounds and his caution to "wild and thoughtless young men" against "disturbing the peace of our good and peaceable old county of Wake;" but where does he get his authority to order all men "not to carry any kind of deadly weapons around an election precinct, on the day of election, under a penalty of a fine of five hundred dollars?" If he had simply called the attention of the people to the law, and published the law in both cases, we should gladly have commended him. But these notices or proclamations do not strike the public very favorably, right upon the heels of a rumor, which is said to have come FROM HEADQUARTERS OF THE UNION LEAGUE, that the Leagues have ordered its members to go upon the election grounds ARMED WITH BLUDGEONS, &c.!

"Sheriff" Lee, we take it, is a member of the Union League. If this rumor has any foundation, we call upon him to denounce the order of the League, and say to the members of it that men armed "with bludgeons, &c., will be arrested, if they so appear upon the ground, by a public notice in both of the daily papers. Bludgeons are "deadly weapons."

We declare that it is the purpose and desire of the Democrats to have a peaceable and quiet election. They desire that every voter, white and colored, shall have a fair and unobstructed opportunity to vote as he pleases. No Democrat will trench upon the rights of any voter, but they will not submit to threatening demonstrations and obstructions to their voting. If "sheriff" Lee really desires to preserve order, let him satisfy the public that the rumor, in regard to the order of the Leagues, do, is unfounded, and let him set his face against any attempt, on the part of the Radical party, to produce a disturbance, *and we will go security for the Democrats!*

RADICALISM A DESPOTISM.

The despotic character of Radicalism, in all its phases, is rendered palpable, not only by its temper and spirit, but by its acts, which are in antagonism with the demands of fundamental law and civil liberty. It pretends to be an advocate of liberty—liberty *to the blacks;* but, wherever it can do so, it does not hesitate to restrict the liberty *of the whites.* According to the Constitution of the United States, no person can be deprived of his liberty, or property, or franchises, but for crime or after due course of investigation before the Courts.—This right is also secured either in the Bills of Right or Constitutions of all the States. The disfranchising clause in the Howard amendment is clearly in violation of the Constitution, and, admitting that it is now a part of the Constitution, a just interpretation of that instrument, by the Supreme Court, would result in a decision against the enforcement of the disfranchising clause. No State, therefore, has the right to insert in its Constitution a disfranchising clause, unless it be with a contingency depending upon proof of crime, to be adjudged by the Courts. The Constitutions of Missouri, Tennessee, West Virginia and the other Southern States, which disfranchise persons without proof of crime, are in violation of the Constitution of the United States; therefore, those States have not republican governments.

We understand that 80,000 white men are disfranchised in Tennessee, 90,000 in Missouri, in West Virginia 25,000, besides several hundred thousand in the other Southern States. The Radicals have pretended that this was only temporary, yet, after a lapse of four and six years in those States, no proposition has come from the Radicals to remove it. And is not this *despotism?* Thousands of men, who were officers and soldiers in the Union army, and who fought bravely to maintain the Union, are among the disfranchised, for no other reason than that they do not fall down and worship the demon of Radicalism. In these States, many citizens are deprived of *all* rights. Only the other day, a Radical register or officer determined to disfranchise *Gen. Frank P. Blair,* but the attempt was so monstrous that it was abandoned.

To give our readers an idea of the crushing despotism of Radicalism, we annex the following article from the Greenbrier *Independent.* Read it and determine to do your duty, in arresting the crazy progress of Radicalism:

WEST VIRGINIA DESPOTISM.

We have been surprised more than once at the want of information abroad, even in the adjoining States, concerning West Virginia despotism.

It is a fact of easy demonstration, that even the Southern States, ruled as they are by the sword, are more free to-day than the always loyal State of West Virginia.

In this State there are not less than twenty-five thousand disfranchised citizens.—No, not "citizens" for the amended Constitution of the State declares that they can never become citizens; although they were born on her soil, have lived here all their lives, and are heavily taxed to support the municipal, State and National Governments. They are aliens on their native soil, as far as this county alone, there are 1,400 disfranchised men, comprising the wealth, intelligence, public spirit, and moral worth of Greenbrier.

In this town, with a population of 1,200, there are only eight voters; and yet in this county there is not one disloyal man, except the Radicals, who are all disloyal.—In West Virginia there are not less than 25,000 men who cannot hold any office, sit on a jury, or teach a public school.

In West Virginia there are not less than 25,000 men who cannot obtain judgments upon old debts due them, or enforce contracts.

In West Virginia the taxes for county and township purposes are eight times heavier than before the war.

In West Virginia we have five paid officers now for one before the war.

In West Virginia the salaries of county officers are double, and some of them treble, of what they were before the war.

In West Virginia, especially in the border counties, the officers are, with few exceptions, filled by the most ignorant and vicious of the population.

In West Virginia three men in each county, known as the county board of registration, are actually licensed, by an act of the Legislature, to enter on record that their fellow-citizens are perjurers!

In West Virginia the county boards of registration have entire control of every office in the State. The Board of Registration of Ohio county can unseat Governor Boreman by merely scratching his name from the list of registered voters. The Board of Registration of Monroe county can unseat Judge Nat. Harrison in the same way. No man can hold office unless he is a voter. No man can be a voter unless he is registered. No man can register, or remain registered, without the consent of the county boards of registration. Scratch Boreman's name or Harrison's name from the registry, and the sceptre of power drops from their nerveless grasp.

Did such a state of things ever before exist in any civilized community? Has as mean, contemptible, sneaking, cowardly, brutal a despotism as that of West Virginia ever before rejoiced the hearts of devils, or called for the avenging bolts of heaven?

"Mountaineers always free!" Oh, what a mockery of a noble sentiment! What a brazen faced lie! There is no freedom in these mountains, except the freedom of ignorance and villainy to lord it over intelligence and honesty.

THE TIDAL WAVE!

Messrs. Francis Kernan, Sanford E. Church and Wm. Williams, distinguished citizens of New York, who are accompanying Gov. Seymour on his triumphal tour, telegraph as follows to the National Democratic Committee:

"Unbounded enthusiasm wherever we go. The people are thoroughly aroused, and determined to throw off the yoke of despotism and the crushing weight of unnecessary and intolerable taxation. If the same fire burns everywhere success is certain, and with it the blessings of the Constitution, and a real peace to every part of our land."

DEMOCRATS! register at once, so that you may have an opportunity to vote for Seymour and Blair, the honored and trusted candidates of the Democratic party—the tried statesman of New York and the gallant soldier of Missouri.

REGISTER! *Do not forget it.* Everything depends upon your registration and your vote.

Our New York Correspondence.

NEW YORK, Oct. 27, 1868.

Messrs. Editors: The other day, while sitting at the table at the hotel, I was deeply in "a hearty plate of soup," I was somewhat startled by an exclamation from a burly individual opposite me. He said that it had cost the government of the United States, for each and every Indian ever killed by its troops, one hundred and eighty thousand dollars, and he would take the contract to exterminate the balance for ten thousand dollars a head." The remark was made to a friend at his elbow, who did not reply, but looked, as I felt, like saying out "monstrous! monstrous!" thus to feel towards an unfortunate family of mankind." But who doubts the sincerity of this carpet-bagger among the red men, for he lived with them, and who would gloat, when through with that little job, for one-half the amount stated, that he would agree to take off the heads of both the white men and black men of the South! Nevertheless, what would the people of the North say, if they were held responsible for the cruelty of this assertion by one of their own citizens, and for it were condemned and treated as outlaws and murderers by the inhabitants of the civilized world? Yet, if they were, it would be precisely the kind of charity and justice meted out to them, that they deal to Southern men, women and children to receive for the rash and wicked assertions or acts of just such human beings as inhabit every country under the sun. If a negro is shot or a Radical molested, in the South, it matters not whether the difficulty grew out of a political discussion or a personal quarrel, or whether the act is committed for political purposes or held liable for it, troops must be called out, and the innocent, with the guilty, made to suffer—if in no other way, from anxiety of mind,—for what was done without their knowledge or approval. Wilfully and for political effect, those murders and violations of the law, South, which, you know, are as much, if not more, condemned by the people, generally, where they occur, than they would be if in a Northern State, are so magnified and exaggerated by the time they reach this section, through partizan and prejudiced newspapers and blazing pictorials, filled with representations of more horrible scenes than ever disgraced the South, that your people begin to resemble, in the eyes of numerous persons here, demons more hideous than those in the infernal regions. However, there are many men, honorable and noble exceptions, who are still anxious to recognize you as brethren and friends; to extend to you all the privileges and benefits they themselves enjoy, under the protection of the Government; to let the same laws that govern them govern you; to know no North, South, East or West, and to unite again in friendship, as well as under the Constitution, for the salvation of all men, the black as well as the white, the poor as well as the bondholder; and *Horatio Seymour* is at the head of the list! Though to return, we regret to have to add our testimony to that you already have, in reference to the disbelief of the Northern people, generally, in the statements even of those of your most exalted and honorable positions in the gift of the people. It is a fact, while their often repeated declarations of cheerful submission to the laws of the country are credited, every word received through those political adventurers, its war-cry, whose chief occupation it is to stir up strife and excite one class against another, to keep themselves in office and power, also to make capital for Radical politicians, all over the land are received and accepted as gospel truth.

Why is it that such brutal murders as that of the Fescue family, consisting of an old man, women and children, five or six—all killed, some with whips, others with clubs and guns shot, for a few dollars imagined to be secreted in the house, never embellish the pages of Northern papers and pictorials? What a heart-rending picture it would have made for that humane publishing house, (the Harpers,) to have had on the opposite page of their paper to that of the scene of the white men whipping a negro girl with switches, in the woods of Tyrrell County, some time ago, for insulting or fighting a white one, the scene, on that dark and rainy night, of the young girl escaping, with an infant in her arms, from the horror and blood at her father's house, and crossing a deep creek, skirted by thick woods, on a log, with the infant still hugged to her bosom, (and though dead, she not aware of it,) until far from her arms, stiff and cold, at a distant country house, to which she had fled, after having been unconscious, on the ground, for hours, from a gun shot wound—the ball wounding her having caused the death of the child?) It was not done, because black men were the perpetrators of these horrid and brutal deeds. Why is it that such atrocious murders as those of the two Brouchers, poor, innocent and harmless Carmon, Mr. Miller and his wife, Col. Nethercutt, and others, since the war, and of Alfred Reed, and his sister, Miss Reed, just before its close, all in the Eastern part of North Carolina, and within a circle of thirty or forty miles, never found a place in Northern pictorials? Is it because the murderers were black men? Yes; and not that they are loved, more than white men, did they escape making such infernal figures as are presented weekly, and daily for the gratification and delight of Northern and Southern Radicals, by these publishers, but simply because they could not gain with them either votes or money! Hence they were not noticed. If the colored man, now in the South, were to insist upon having all offices of honor, profit and trust, from President and Governor down to constable, divided out equally, they would soon find their Radical friends, as they have always been, North, in favor of certain qualifications to entitle them to vote.

But, after all, how uncharitable and how unreasonable would it appear for Southern white people to condemn and abuse all the colored race for the crimes of a few, and, if it were in their power, to bring down on their heads, without regard to age or sex, the vengeance of the government and its army! Not one in ten thousand would engage in any such heartless and unchristian service. No respectable white person in the entire South could be found to entertain such an idea for an instant, or who would not repel such a proposition with indignation.

If we were called upon to suggest the most prolific way to make Democratic votes, we would unhesitatingly say: "Send your colored voters, in numbers—the greater the better,—to visit their brethren in New England. Let them go to the chief advocates of their freedom, in Massachusetts, that "land of liberty," where they would first discover, to their dismay, that these people, who are so noisy about their "colored brethren" voting out in their Southern homes, would not let them exercise the privileges of freemen and cast a vote in their Northern homes, unless they could bring with them qualifications which not one in a hundred possess. Nothing has done more injury to the society of all classes and colors than the establishment of Leagues, where the members link and bind themselves together by solemn oaths to advance and drag down all who are opposed to them, and particularly those who are beloved by their leaders, with envious eyes, on the heights of political and intellectual distinction. When the war closed, notwithstanding the inhabitants of the Southern States had been made to feel all its horrors in its most savage form, the spirit of peace and harmony began to diffuse itself among the divided parties, throughout the United States, and all men felt the blessing of sitting again quietly under their own vine and fig tree; rejoicing that they were no longer countrymen arrayed against countrymen in deadly strife and that they could once more meet as friends around the altar of their common country and under the old flag, with victory inscribed on every stripe and glittering in every star, and tell of noble deeds on a hundred battle fields, which will shed immortal honor on the conquered as well as on the conquerers, in the late (call it what you may) rebellion or revolution. Who could doubt if the Southern people, who had repudiated their war debt, emancipated their slaves, by their own acts, and forever given up the issue of the right of secession, for which the sword had been drawn, had been received by the Northern people, as Mr. Lincoln declared, over and over again, &c would receive them, as friends, that there would now be any other than the kindest feeling existing between all colors throughout the Southern States? Most assuredly no intelligent person of the South does, and I imagine but few disinterested persons of the North would.

Mr. Seymour's recent movements are stirring up the Democrats, all over the North and West; and now, if success does not follow the efforts of the great standard-bearer, it will be because the voters prefer Radical rule, gold money for the rich man's bonds, and ruinous taxation for every man in the land!

D.

DECISION IN BANKRUPTCY.

(BY HIS HONOR JUDGE G. W. BROOKS.)

In the matter of N. A. McNair, Bankrupt.

Jno. D. Shaw, Atty for Bankrupt.
Jno. W. Hinsdale, Atty for Creditor.

At Chamber, at Elizabeth City, Sept. 7th, 1868.

The question presented by the certificate of the Register in this case is: "Whether original papers, which have been exhibited to the Court and annexed to depositions, being marked and referred to in depositions, have not thereby become so a part of the deposition, that they cannot be withdrawn and a copy substituted?"

After full consideration of this question, I am not able to concur with the Register in the opinion expressed. The papers in question were exhibited, referred to and stated as exhibits in the deposition, and annexed to the deposition. The Court passed upon the deposition, as it was,—exhibits and all. In further progress of the case, if objections should be made to any reference to the exhibits, upon the ground that, in the deposition, they are referred to as original papers, but upon inspection they appear to be copies substituted, such objections might be good. The deposition, as it is, must be complete. It would not be so complete, for it must be established that the papers substituted are copies.

That the Court may, upon cause shown, order the withdrawal of the original exhibits to be used as evidence in behalf of any one having an interest in them, I have no doubt. But the Court as clearly will not order to allow them withdrawn, unless upon the application of some party, who can show the proper use for which he desires them.

The original papers referred to in and as a part of the deposition should be retained against the demand of the Bank deposition.

Let this be certified to W. A. Guthrie, Register.

(Signed) GEO. W. BROOKS,
U. S. District Judge.

PRESIDENT JOHNSON'S LETTER.

Every reflecting man should carefully read the letter of the President to General Ewing, published in our columns elsewhere. How impeachments are to be brought about by the present extravagant party in Congress, who for eight years have been acting the spendthrift with a recklessness unparalleled in all history, we cannot see. The army cannot be disbanded because its presence will be required to keep the white people of the South in subjection to "negro supremacy." The Freedmen's Bureau must be continued, in order to keep the poor negro from starving, at the expense of the white people of the whole country. The legion of tax gatherers must be employed and paid to suck out the substance of the people. It is useless to talk of economizing while the Radicals hold full control of the Legislative and Executive branches of the Government. On the contrary, we may expect increased burdens in the way of taxation promptly heaped upon the people from the very moment of the assembling of Congress in December, and if the warning of President Johnson be not heeded in time, the bondholders may regret at a much earlier day than they now suppose the aid they are now extending to the party of extravagance and ruin. We favor the payment of the public debt at the earliest day practicable, and therefore congratulate the President upon his protest against the imposition of a permanent public debt, as has been proposed by funding bills projected in the last Congress, and which will no doubt be renewed before succeeding sessions.—*Wash. Express.*

UP AND AT THEM.

The Election can be carried in November for the Democrats, Peace, Law, Order, Prosperity, and the Constitution. The number of legal voters is sufficient. Let them vote. There were 45,000 Democrats who did not vote at the October elections. Let them vote in November, and give assurances of Radical defeat, and certain relief from disorder and public oppression. Democrats and Conservatives, work with a will in the Empire State, in Kentucky, Maryland, New Jersey, Delaware, Connecticut and Oregon. These are all safe. Work, too, in Pennsylvania, Indiana, Minnesota, Georgia, Alabama, Wisconsin, Missouri, Louisiana, Nevada, Kansas, North Carolina, West Virginia, South Carolina, and Illinois, and these may be safe, and they are more than enough to elect Seymour.—*N. Y. Express.*

THANKS TO PRESIDENT JOHNSON.—The President has received numerous letters thanking him for his telegram of the 22d instant to Gov. Seymour. The following is a copy of one of these, dated at Philadelphia, October 24th: "Andrew Johnson, President of the United States of America: Honored and respected sir: Your dispatch of the 22d instant to Hon. Horatio Seymour is universally spoken of among the masses of the people, and I sincerely and firmly believe it will do more towards the election of Seymour and Blair than all that has been said or written during the canvass. Fraternally and devotedly, your fellow-citizen,
JOHN LABORER."

It is reported that Butler wants to join the Democracy to steal the silver lining of the cloud hitherto in the political sky.—*N. Y. World.*

THE UNIVERSAL LIFE INSURANCE COMPANY,
NEW YORK.
Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the Stock system of Life Insurance, as opposed to the MUTUAL, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURE, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the 'Universal' the sum of $11,751, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3,277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, live long enough, and have his periodical dividends added to his policy, the sum may equal or even exceed the above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent greater and likewise that a reduction of *twenty-five* per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty three and one-third per cent., payable in advance,* or to a dividend of *forty-five* per cent, payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taking all the risk. By the *Mutual* plan, the full value in insurance of the premium paid is not secured to the policy-holder, who takes a portion of the risk himself.

N. C. INSTITUTION FOR THE DEAF, DUMB, AND THE BLIND.—We learn, from the excellent Principal of this Institution, Mr. Palmer, that there are already 88 pupils entered on its register. He also informs us that the "Brewer" School Building has been obtained, for the use of the colored department of the Institution.

REGISTRATION in this City, up to the present time, foots up about as follows:

Whites	765
Blacks	1,259

This does very well. Keep up to the work, friends. Some of you are yet to register.

MASS MEETING AT BANKS'.—We are yet without the particulars of the Mass Meeting and Barbecue at Banks', on yesterday. We have no doubt that it was a brilliant success. The Eastern Ward Democracy, of this City, were down in force, mounted, with beautiful banners and badges, preceded by a Band of Music—presenting a fine appearance.

CAPT. JO. J. DAVIS.—In noticing the Tarboro' Mass Meeting, in our issue of yesterday, we inadvertently omitted to mention, among the speakers, Capt. J. J. Davis, of Franklin, one of our Electors at large, whose speech, on the occasion, is spoken of as one of great power and ability. Capt. Davis has done his duty (as have all of our Electoral candidates) nobly in the canvass, and deserves the thanks of the Democrats and Conservatives of the State.

MASS MEETING IN OXFORD.—We learn that the Democratic Mass Meeting, at Oxford, on Wednesday, was a glorious affair. Some two thousand persons were present,—including, as usual with all the gatherings of the Democracy, a large number of the ladies. Eloquent and effective speeches were made by Col. Jenkins, of Warren, Jno. W. Hays, Esq., Col. Wharton J. Green, our candidate for District Elector, and others, whose names we did not learn. We shall, however, probably, be furnished with a full account of this great rally.

THE *Woman Insulter* rings the changes, with puerile iteration, upon the declaration that the Hon. Sion H. Rogers is incligible, and that "a vote cast for him will be a vote thrown away." Mr. Rogers' course, when he was in the Congress of the United States, upon the Kansas Nebraska question, will secure his admission, if elected, as certainly as Mr. Boyden's former opinions secured his. That great and venerable man, the Hon. Geo. E. Badger, lived to commend the course of Mr. Rogers, and to say that his own vote, in that matter, was an error. There never was, up to the day when North Carolina demanded his services, on the 20th. of May, 1861, (when W. W. Holden signed the ordinance of secession with a gold pen,) a more devoted friend of the Union than Sion H. Rogers.—There are none truer now.

EVERY vote lost to the Democratic ticket is a vote to sustain the odious government of the bond-holding aristocracy; a vote to plunder the people for the benefit of a few scheming capitalists; a vote for the ruinous tariffs and destructive taxes; a vote to pay a debt in gold which is due only in greenbacks. To vote against these plundering schemes you must vote the Democratic ticket; and to vote the Democratic ticket, you must *register*. Remember that, and register to-day.

EVERY man that omits to vote at the next election practically votes to inflict carpet-baggery and scallawagism on North Carolina for an indefinite term. If you want to vote against the present fraudulent government of the State, you must register. Do it *to day*.

SCARED.—We hear that Dowerss and his "pecaliars" are frightened out of their boots, at the prospect of his defeat. Well they may be. We confidently expect that, after Tuesday next, Indians will claim her own.

ONLY ONE DAY.

Remember that the election takes place on Tuesday next,—*the third day of November.*

Remember that the election only lasts ONE DAY.

Remember that persons, who may not have registered up to that time, may register ON THE DAY OF ELECTION, by swearing to support the Constitution of the State and United States, and, further, that they have not previously registered or voted, on the same day!

HON. SION H. ROGERS.

This gentleman is spending the present week in Chatham,—speaking day and night, and everywhere producing the finest impression. Let the true men of the District emulate the zeal and energy of their standard bearer, and the days of carpet-bag misrepresentation in this District are numbered.

"Every vote cast for Sion. H. Rogers is thrown away."—*Woman Insulter.*

Even conceding that Col. Rogers shall be illegally excluded from his seat in Congress, after his election, on Tuesday next, no vote cast for him will be thrown away, which secures the defeat of the carpet bagger, Dowerss, who has no interests in common with our people and nothing to commend him to them. It will be an achievement, worth all our labor, to defeat the Indians carpet-bagger and put *him* out of the way. Rally, North Carolinians, to the support of your own fellow citizen, whom you esteem and who has your interests at heart!

A LIE.—The *Woman Insulter* of this City charges the Hon. Sion H. Rogers with having been a Secessionist. It makes but little difference what a paper, which has waged war upon the virtue of women, may say; and it is, perhaps, sufficient simply to brand the assertion of the *Standard* as a lie. Col. Rogers was always opposed to the doctrine of Secession, and at the time when the now Radical organ was advocating it with all its power. Every man in the District *knows* this, and so does the *Standard*, but it falsifies deliberately, for party purposes.

STILL THEY GO.—Thirty good citizens of Guilford left on Tuesday for Missouri. If North Carolina falls on the third of November, to rebuke the crazy spirit of Radicalism which animates her present accidental rulers, and to check them in their insolent and vindictive career, we may expect the exodus of good men greatly to increase.—*Ral. Sentinel.*

This exodus of the people of North Carolina is greatly to be regretted; but the emigrants must be men of keen discernment to discover what can be gained by swapping Billy Holden, bad as he is, for Tom Fletcher, of Missouri.—*Norfolk Jour.*

Our own opinion is that Brownlow might be "swapped" for Holden, and no bad bargain made. But let every man stick to North Carolina, for the sake of the dear old State.

REMEMBER that delays are dangerous Therefore register, TO DAY. Your vote may be necessary to carry the State.

STATE MATTERS.

The Seymour and Blair Club of Newbern holds meetings, now, every night.

The Executive Committee of the Seymour and Blair Club of Wilmington have issued an address to the Democratic voters of New Hanover, calling upon them to use their most earnest endeavors towards a full registration of the people.

At Owensville, Sampson County, the other day, O. H. *Duckey* proposed to pay any man $5 to prove that the Reconstruction Acts were outside of the Constitution. He was asked if the statement of leading Radicals would be proof, and he said it would, and repeated his offer. A gentleman quoted from Thad. Stevens, where that notorious leader proclaimed the whole reconstruction policy outside of the Constitution, and demanded his $5. *Duck* cry looked *shickery*, as usual, and said: "Oh, I only mean Confederate money." The Fayetteville *Eagle* says it now understands the oath that Oliver made recently, as bondsman for a carpet-bag official in Cumberland, that he was worth $10,000. It supposes he only meant "*Confed.*"

We learn, from the Newbern *Journal of Commerce*, that on Tuesday night, about 9 o'clock, Mr. Jno. West, overseer for J. L. Bhem, Esq., having reason to suspect that some persons were stealing cotton from the plantation of that gentleman, took a negro man, named David Manly, with him, and startedl towards the field. He had not gone far when he met a party of negroes engaged in stealing cotton. Ordering them to halt, his only answer was a musket shot, which resulted almost instantaneous'y in his death. The murderers then aimed at Manly, but the gun missed fire, when they ran to the water and made off in a boat, which they had brought for the purpose of loading with cotton.

Here are some of the fruits of Radical rule in North Carolina: In Fayetteville, a two story brick store, which rented, since the war, for $375, per annum, was sold under the hammer for $1050. A dwelling, which sold in other days for $3000, sold under Radical rule for $785.50. A vacant lot, which *rented*, under former rule, for $10 per acre, *sold* under Radical rule for $20 per acre, and would have gone lower, but was desired by other parties whose lands it joined.

THE PROSPECT IN PENNSYLVANIA.

We were much gratified this morning to learn from a distinguished gentleman just arrived in this city from the "Old Keystone" that the prospect of carrying Pennsylvania in November for Seymour and Blair is so flattering as to amount to about certainty. Let our friends work! work! work! every hour until the election is over, and we shall not disappoint the enemy by winning a victory that will astonish them.—*Wash. Express, 28th.*

BE ON THE ALERT, friends of Seymour and Blair! See that all our friends REGISTER AND VOTE!

THE LATE DISTURBANCE IN NEW ORLEANS—ADDITIONAL PARTICULARS—NEGROES DISMISSED FROM THE POLICE—CONTROL OF THE STATE GOVERNMENT OFFERED TO GEN. ROUSSEAU.

NEW ORLEANS, Oct. 27.

About eight o'clock to night the white clubs marched from all parts of the city, under their officers, armed with every conceivable weapon, and formed quietly in perfect order in Lafayette square and the streets around the City Hall. The officers of the clubs waited on the Mayor and tendered their services to patrol the streets. Not a negro policeman and very few white ones have been seen on the streets, especially in the outskirts of the city, since the Saturday night fight. The Mayor informed them that there was no occasion for their services, as Gen. Rousseau had informed him that he would take charge of the peace of the city to-night.

The crowd, to the number of several thousand, assembled around the steps of the City Hall, where they were addressed by General Steedman, State Senator Ogden, Mayor Conway, Harry S. Hays and Sheriff Maxwell, all of whom advised them to return peaceably to their homes. General Steedman and Senator Ogden stated that Gov. Warmoth had to day waited on Gen. Rousseau and tendered him the entire control of the State government, which General Rousseau declined; but to-night, in view of the threatening aspect of affairs, he ordered the troops to patrol the city. They are now dispersed all over the city, comprising all branches of the service.

Harry S. Hays in his speech stated that Superintendent of the Police Williamson had waited on the Police Board and informed them that he had stricken the name of every negro off the police rolls. If his action were not concurred in, it would be utterly impossible to preserve peace in the city. The Police Board itself is composed in part of negroes, but they had no alternative but to acquiesce.

Sheriff Maxwell advised them to go peaceably home and if they were needed he would summon them.

After the conclusion of the addresses and the cheering of the speakers and General Rousseau the clubs dispersed quietly.

Since dark not a negro has been seen in the streets and the localities where they usually congregate are deserted. The immense crowds on the streets are composed entirely of white men and no breach of the peace has been heard of.

A CHANCE FOR THE RADICAL BLOATED BONDHOLDERS—WHO TAKES THE BET.

I am now ready to wager One Million Dollars cash on the result of the November election, as follows:

Two hundred and fifty thousand dollars that Grant will not receive a majority of the electoral votes of the United States, or a majority of the votes cast by the people.

Two hundred and fifty thousand dollars that Indiana and Pennsylvania will in November go for Seymour and Blair.

Two hundred and fifty thousand dollars that New York State will go for Seymour, Blair, and Hoffman.

Two hundred and fifty thousand dollars that Seymour and Blair will be elected President and Vice President of the United States.

Can be seen from 10 A. M. until 4 P. M., from this date to October 28th, at my Drug Store, 594 Broadway.

As to integrity I refer to Gov. Curtin of Pennsylvania; ex-Gov. Joel Parker, of New Jersey; ex-Gov. W. H. Minor, of Connecticut; Hon. D. S. Barnes, of New York; Wm. Weightman, firm of Powers & Weightman, Philadelphia; and as to disposition and ability to the leading Druggists and Publishers in the United States.

H. T. HELMBOLD, New York.

A friend of ours, recently returned from a trip through St. Charles parish, tells us that he rode thirty-four miles through the parish, and in that time did not see a woman or child. On asking the reason of this, he was informed that the negroes in the parish had assumed so threatening an attitude that for their own safety the defenseless portion of the population had been sent to the city.

"Let us have peace."—*N. O. Crescent.*

The election of Grant means the curse of military government for these ten Southern States; the cost of which—several hundred millions per annum—must be borne by the Labor and Industry of the country, that are already ground to the dust by Radical Robbery and Radical Oppression.—*N. Y. Express.*

Of the three largest cities in the northern part of Equador, to wit: Cotucachi, with a population of 65,000 inhabitants; Alira with 14,000 inhabitants; and Otavalo with 10,000 inhabitants, in all 90,000 souls, not a vestige remains. It is calculated that 60,000 persons in these three cities alone perished.

The radical "Tanners" at St. Louis turned several loyal negro clubs out of their procession the other night. "Not a d—d nigger with us," was the joyful exclamation of a "Tanner," as he laid aside his torch to take a drink at a wayside inn.

It is calculated that the popular vote at the forthcoming Presidential election will approach 5,000,000.

NEW GOODS! NEW GOODS!

AT HOME AGAIN!!

WITH A HOUSE RAMMED AND PACKED FULL OF

NEW FALL AND WINTER GOODS,

FOR

1868.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but sror, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.

THE NATIONAL DEMOCRATIC CONVEETION!

THE PLATFORM.

"The Democratic party, in National Convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or re-agitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people

Second.—Amnesty for all past political offences and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the government do not expressly state upon their face, or the law under which they were issued does not provide, that they shall be paid in coin, they ought in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation to every species of property according to its real value, including government bonds and other public securities.

Fifth.—One currency for the government and the people, the laborer and the office-holder, the pensioner and the soldier, the producer and the bond holder.

Sixth.—Economy in the administration of the government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the government and the currency made good; the repeal of all enactments for enrolling the militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abolition of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights; and the maintenance of naturalized citizens against the absolute doctrine of immutable allegiance and the claim of foreign powers to punish them for alleged crime committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied the noble volunteer army which carried out flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals. It has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a bastile; it has established a system of spies and official espionage, to which no constitutional monarchy of Europe would dare resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partizan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of government are rocking on their base, and should it succeed in November next and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of these United States were call subjected to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of government in fact, and can only end in a single centralized and consolidated government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co-equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary and void; that our soldiers, who carried the flag of our country to victory against a most gallant and determined foe must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution

That the public lands should be distributed as widely as possible among the people and should be disposed of either under the pre-emption or homestead laws, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It falters in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be decided by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South, they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule, without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such States, and of the whole country.

Resolved, That it is our fixed purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in seeking restoration on terms of equality in that grand constellation of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of the flag; to re-establish the ancient feeling of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*
